

PE

Potential Difficulties in Your Subject

- * Apparent clumsiness or poor motor control
- * Difficulties remembering sequential instructions
- * Misinterpret rules
- * Directional confusion left/right
- * Writing quickly or legibly when taking notes
- * Locating information in text

Strategies

- * Support verbal instructions with demonstrations and modelling of movements and techniques
- * Give instructions one at a time
- * Use mind maps, visual representations and colour coding to show tactics, strategies and rules of play.
- * Teach memory techniques such as mnemonics to support sequencing
- * Produce large print copies of versions of rules to ensure information can be located
